## UI/UX PROJECTS

---

### **YUMI** February 2022

#### **Responsive Recipe Web-App, CareerFoundry**

- Designed a plant based recipe web app applying a mobile-first approach, where users can search for and save recipes, find a section including how-to videos, and an educating food lexicon.
- Defined user needs and goals through user interviews and surveys, developed personas, user flows, and the user flow diagram.
- Designed 50 high-fidelity screens, multiple prototype iterations, and a style guide through various rounds of usability and preference tests.
